NOTES: (YOUR HOMEWORK)

[illegible]

*A Baby
Will make love stronger,
Days shorter, nights longer,
Bankroll smaller, home happier,
Clothes shabbier, the past forgotten,
And the future worth living for.*

Becoming a first time parent can be overwhelming (to say the least)! There are so many different brands of strollers... bottles...furniture...bath tubs...baby monitors...infant carriers and so much more!

- What is the difference?
- What do I actually need?
- How do I know?
- How many receiving blankets, sleepers, onesies, towels & sleep sacks will I need?
